Rabies is a **real virus** that infects mammals and is usually transmitted through the bite of a rabid animal (dog, raccoon, bat).

Early symptoms resemble the flu and advance to delirium, hallucinations and eventual death.

It is preventable through vaccination and treatable with immediate medical care.

---

**Assembly Instructions:**

1. Cut out shape along outside edge.

2. Pre-crease all dashed lines with a ruler and a blunt-edged tool (i.e. a bone tool or pen cap).

3. Fold all dashed lines away from you (i.e. mountain fold).

4. Spread a thin layer of glue on a folded tab.

5. Place tab under corresponding side and press together until the glue dries.

6. Repeat until assembled.
